## Sustainable Transportation

Indicators, Frameworks,  
and Performance Management

 Springer

TRB Annual Meeting, Washington, D.C.

Thursday, January 14, 2016

8:00AM - 12:00PM, Convention Center, 204B

TRB  
Workshop 875

This workshop will introduce key concepts from a new book – entitled “Sustainable Transportation: Indicators, Frameworks and Performance Management” – with the objective of empowering participants to **critically review and analyze the challenges of using indicators to promote sustainability.**

The aim is to move beyond simple prescriptions and one-size-fits-all lists of performance measures, to **explore how an understanding of frameworks and indicator applications can make sustainability count.**

### Speakers

- **Angel Aparicio** - Technical University of Madrid
- **Henrik Gudmundsson** - Technical University of Denmark
- **Ralph Hall** - Virginia Tech
- **William Lyons** - VOLPE
- **Greg Marsden** - University of Leeds
- **Debra Nelson** - New York State DOT
- **Joe Zietsman** - Texas A&M Transportation Institute
